For reliable anchoring every time, in any material, use only the TOGGLER Solution! Only TOGGLER brand has a MONEY BACK GUARANTEE.

... Don't use ...

...Old fashioned spring wing toggle bolts. They need a sloppy oversized hole. They can't be pre-installed or reinstalled, if the bolt is removed for any reason, the wings fall behind the wall.

... Don't use ...

...Wedge-type anchors, which hold by simply biting into the wall of the hole, causing extreme stress on a small area of the wall material and catastrophic failure. They can't be reset. They require a torque wrench to install properly.

... Don't use ...

...Gimmicky "auger type" hollow wall anchors. They crush wall materials disastrously, which further weakens their holding power. They hold very little load and easily loosen in use. No real-time saving.

... Don't use ...

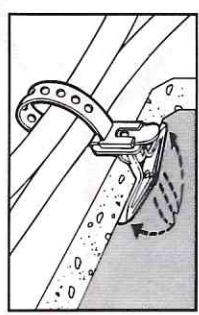

... Don't use ...

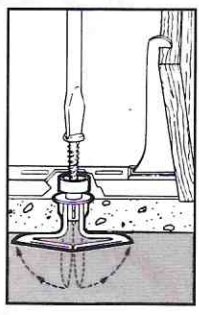

...Obsolete steel expansion hollow wall anchors. They take forever to install. They often do not work near wall studs and will damage the wall. Drive type destroy the wall. Not easily removed.

Wire harness anchor

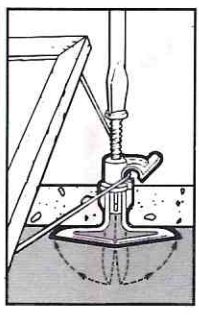

One-piece anchor and wire tie for stringing and supporting wiring, cable and small PVC pipe. Available in three toggle ranges. See chart. Nos. TAWH, TBWH, TCWH

Shelving anchor

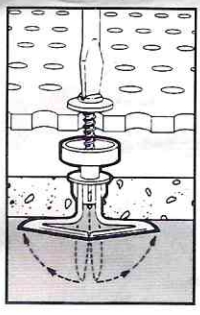

One-piece anchor with spacer for installing C-channel wall standards in perfect alignment and preventing jackout. No. TBST (narrow channel), No. TBSZ (wide channel)

Picture/Wire hook anchor

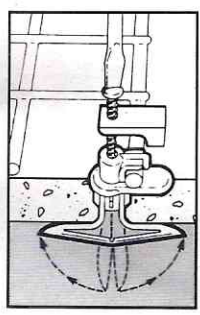

Use for hanging pictures and mirrors on hollow or solid walls. Also use to string TV cable or phone wire. No. TH

Pegboard anchor

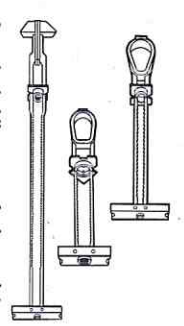

One-piece anchor with spacer for installing pegboard at the proper distance from the wall to provide clearance for peg hooks without furring strips. No. TBSZ

Wire shelf anchor

Screw below securely supports ventilated shelving units. Wire shelf locks into the anchor's built-in retainer clip for greater holding power. No. TBW

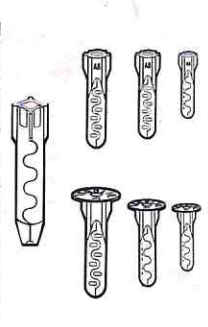

TOGGLER brand toggle bolt

Superior holding power for heavy duty attachments to hollow walls or ceilings

- Handrail brackets
- Ceiling fans
- Heavy mirrors
- Shelving racks
- Towel bars
- Floor door stops
- Hanging planters
- Sliding door track
- Swingling gates
- Boat attachments
- Sinks
- Speakers
- Boat chairs
- Electrical panels
- Railings
- Heavy machinery
- Microwaves
- Fire equipment
- TV's

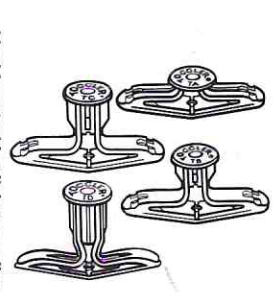

Alligator anchor Solid State Chemical™

The most modern and versatile anchor for attaching to solid or hollow walls

- Post holders
- Clotheslines
- Hose reels
- Door framing
- Partitions
- TV's
- Planters
- Workshop machinery
- Awnings
- Handrails
- Plumbing fixtures
- Speakers

TOGGLER anchor

Ideal for attaching light to medium weight items to hollow walls or ceilings

- Curtain rod
- Shelving
- Cabinets
- Towel rings
- Wall lamps
- First aid kits
- Wall hangings
- PVC pipe
- Pegboard
- Wall hooks
- Mirrors
- Fire extinguishers

Provides superior holding power in:

- Drywall
- Plaster
- Gypsum board
- Sheet metal
- Plaster board
- Fiberglass
- Hollow core doors
- Thin paneling
- Masonite
- Acoustic ceilings
- Card board
- Corrugated

The Alligator anchor is ideal for use in a wide variety of solid or hollow core materials:

- Concrete
- Cinder block
- Ceramic tile
- Stucco
- Drywall
- Patio block
- Brick
- Masonry
- Wood
- Fakeboard
- Stone
- Plaster

For use in any hollow core substrate:

- Sheet rock
- Paneling
- Stucco
- Hollow brick
- Plaster
- Wood
- Gypsum board
- Hollow block
- Cinder block
- Concrete
- Fiberglass
- Drywall

SATISFACTION GUARANTEED—

Mechanical Plastics Corp. is proud of its TOGGLER brand anchor but if they fail to perform to your satisfaction please send the sales receipt together with any unused anchors for a full refund. Your comments would be appreciated. This Guarantee is not to be construed as conferring any liability beyond the purchase price of the product.
