

# Contest® 101

JeanMore Labs

When Pissirno invented the double reading compass, it was a major innovation which allowed the yachtsman to follow his course from the cockpit and the cabin.

The Contest 101 goes a step further: its exclusive mounting possibilities on any bulkhead -whatever the thickness- and its aesthetics allow the Contest 101 to adapt perfectly to today's yachts, both in terms of engineering technique and glamorous design.

## Contest® 101

<b>Boat size</b>	Scaleboats 9 m and above (30 ft +/-)
<b>Double reading</b>	From cockpit and cabin.
<b>Compass card</b>	Double production: horizontal and vertical. Compass card production every 5° apparent. Ø 100 mm; heading numerals every 30°.
<b>Mounting</b>	Comes as standard in a bulkhead version (vertical or 10-25° inclined bulkhead). Can be most-mounted with the addition of optional mast-mounting kit.
<b>Lubber lines</b>	3 lubber lines, at 45°.
<b>Heelmeter</b>	Graduated every 10°.
<b>Compensation</b>	Optional.
<b>Lighting</b>	12 Vdc. Red lighting on black and white cards. White lighting on red cards.
<b>Supplied with</b>	Protection cover, drilling template.
<b>Homologation</b>	ISO 613 compliant

5 Year Warranty

+ 9 m

CONTEST 101	Bulkhead-mount vertical	Bulkhead-mount inclined 10-25°
• BLACK COMPASS		
red card	25328	25483
black card	39665	40030
• WHITE COMPASS		
red card	25475	25487
white card	51003	51006

Every compass card is balanced manually to ensure its perfect horizontality. This is an extremely delicate operation, requiring patient and scrupulous craftsmanship which only years of experience can bring.

B. Legotin

## Options & accessories

**Silver protection cover :**  
25332  
Just in case it would fall overboard...: set is standard supplied as optional.

**Mast mounting kit :**  
39261

**Compensation kit :**  
19718

You have replaced your electronics, modified your cockpit and your compass doesn't quite "match" any longer... Just by replacing the colour bezel of your initial Contest 101, you can change its look in seconds.

**Bezel for Contest 101**  
Black : 26891 White : 26892 Blue : 26893

The model for inclined bulkhead is designed for a bulkhead tilted by 10 to 25° from vertical. The card remains fully efficient, even with a very high angle of pitch.
