

Description : Nylon hose
Application : Supply and return hose hydraulic steering system

Colour : Black
Lenght : 15 metres
Weight : 0.375 kg
Internal diameter : 6 mm
External diameter : 8 mm
Wall thickness : 1 mm
Bending radius : 60 mm
Maximum working pressure : 43 bar
Bursting pressure : 129 bar
Maximum temperature range : -40°C to 130°C
Tensile strenght : 52 MPa
Flexural modulus : 1200 MPa
Elongation : > 50%
Hardness : 85 Shore D
Flammability : UL 94 HB
