ASSEMBLING INSTRUCTION

Lay the cover holding the Tessilmare label on your right side, enter the first arch on the label side with the junction hole towards the label, keep the tube low to facilitate the entering, enter the second and third arc in the same way.

Lay the sun-top so that the label is up, enter the white plastic pipe clamps into the tubes, enter the tubes into the arches paying attention that the shortest one is down, the medium one in the middle and the big one up, enter the screws in the holes and screw

Open the sun-top and tie the belts
